

APA-Award 2024

The Asian and Oceanian Photochemistry Association

Call for nomination: the APA Award for distinguished scientists.

The Asian and Oceanian Photochemistry Association (APA) recognizes distinguished scientists by creating the APA Award.

The following are the guidelines for the APA Award and a list of requirements for the nomination.

1. The APA recognizes scientist's contribution to the photo-sciences and his/her influence on the field in the Asian and Oceanian area through recommendation by others.
2. The number of the prizewinner should be a maximum of two within a period of two years.
3. The criteria for the review process would be the contribution and scientific influence by the candidate on the photo-science in the Asian and Oceanian areas.
4. The person recommending the candidate should submit a scanned application form with sign (APA-A-1) by the upload system (<https://asianphotochem.org/award/2024/>), in which 30 selected papers of the candidate are listed, with copies of 10 selected papers in pdf taken from the list. The file name should be distinguished with "APA-A2024". The file size should be within 20MB. Application forms (APA-A-1) will be available on the APA website (<http://www.asianphotochem.com/>).
5. The APA councilors will be the reviewers for the award and the prizewinners shall be decided by a vote among the APA Councilors.
6. Schedule for the APA Award.
April 15, 2024: Announcement and call for applications for the award.
June 15, 2024: Deadline for nomination.
July 2024: Decision of the prizewinners.
The end of 2024 or beginning of 2025: The prizewinners shall be awarded at the APC held in Kerala India.

7. All correspondence should be sent to the APA office:

Address of the APA office:

Prof. Shinsuke TAKAGI,
Secretary-Treasurer of APA
The Asian and Oceanian Photochemistry Association

Department of Applied Chemistry
Tokyo Metropolitan University
Minami-Ohsawa, Hachioji, Tokyo 192-0397, Japan
